Adjustable 180° Glass to glass pool gate hinge

#### Tools required to install:

Spirit Level, Measuring tape,  
 Allen key set,  
 Plastic wedges

**Step 1.** Ensure all glass panels are made of tempered glass.

**Step 2.** Measure the size and weight of the glass door. Do not exceed the max door width and max door weight.

**Step 3.** Prepare the glass as indicated in the template and at the recommended distances.

**Step 4.** Install the latch to the door as shown in the drawing.

**Step 5.** Finish installing the door and test that it opens and closes properly.
